### PROPOSES THAT ALL WAGE DISPUTES BE HELD IN ABEYANCE

Twelve Points Are Advanced By  
Unions In Plan--Contain All Of  
Things Advocated In Past  
--Claim The Unions Want No  
Unjust Rules.

(By The Associated Press)

CHICAGO, April 7.—Five railroad labor unions with 500,000 members tonight submitted to President Harding labor's plan for ending industrial disputes between the roads and their workers, proposing that the president call a conference of representatives of both sides when new rules governing working conditions would be worked out to supersede the national agreements now in dispute before the railroad labor board.

The proposal was contained in a statement by representatives of the five mechanical unions and was sent by B. M. Jewell, president of the Railway Employees' Department of the American Federation of Labor.

It proposed that all wage disputes be held in abeyance pending the conference, holding that the matter of wages could be quickly adjusted to the satisfaction of all as soon as the question of rules had been settled.

### PLAN FOR SOLDIER RELIEF WORK NOW WITH PRESIDENT

### Report of Commission Filed With Harding Thursday

### SEVEN SPECIFIC RECOMMENDATIONS

(By The Associated Press)

WASHINGTON, April 7.—Seven specific recommendations chief among them the creation of the veterans' service administration, to take entire charge of government relief work among ex-soldiers and to be headed by a director general responsible directly to the president were contained in the report today to President Harding by his special commission investigating the care of veterans.

Charles G. Dawes, of Chicago, chairman, told the president he believed the recommendations were sound and that they would prove a satisfactory solution to existing difficulties in administration of soldier relief work.

Recommendation No. 1 provides for the new agency and gives it jurisdiction over the bureau of war risk insurance, the rehabilitation division of the federal board of vocational education and such part of the public health service as may be necessary to care properly for disabled veterans.

To Have Director General. It also asks that a director general assume charge of the new agency with full authority to obtain necessary facilities when those already available prove inadequate. Care is suggested in the framing of new legislation creating the administration in order to avoid present inconsistencies of law affecting the three existing bureaus.

Number Three says that pending the enactment of new laws, Secretary Mellon of the treasury shall issue orders to the heads of the public health and war risk bureaus authorizing the latter bureau to take charge of the public health activities and personnel engaged in providing medical care for the veterans. The effect would be to consolidate these bureaus under one head by executive order without waiting for congress to act.

The next recommendation provides for an immediate extension and utilization of all government hospital facilities together with such modernization of civilian medical services as may prove practical.

### EXPECT ALLIES TO ACCEPT PRINCIPLE RESTATE IN NOTES

### Shantung Settlement Not at Issue in This Controversy

### MANDATES IN GENERAL ARE DISCUSSED

(By The Associated Press)

WASHINGTON, April 7.—Administration officials it may be stated with authority confidently expect the allied governments to accept the principle restated by Secretary Hughes in his notes of Monday that the United States has surrendered none of its rights in the overseas possessions of Germany and that it cannot be bound by decisions affecting those possessions made by the league of nations without its assent.

There is reason to believe that correspondence on this subject initiated last November will not be closed with the receipt of the replies from the Japanese, British, French and Italian foreign offices.

If the expectations of American officials are realized the details regarding American rights will have to be worked out in negotiation.

The Shantung settlement in the peace treaty which has been sharply criticized in this country, is not at issue in the controversy. It is learned that the phrase, "overseas possessions" in American communications was used advisedly and it is pointed out that Shantung was not a German possession. Kiaochow, also a part of that Chinese province, was held by Germany through a concession from the Chinese government.

The view of the Harding administration with respect to the Shantung settlement has not been stated, but this settlement was vigorously opposed by the new administration leaders in the senate while the treaty was under consideration.

Discusses Mandates In General. The latest American notes are known to form a third chapter, at least in the diplomatic exchanges with the allied governments on the subject of mandates in general and the Island of Yap in particular. The American viewpoint was first stated by Secretary Colby in notes to the four great powers November 9, and subsequently was supplemented in a note to the council of the league of nations.

The notes of November 9 never have been made public nor has it been disclosed whether the allied governments replied. The note sent to the council was referred by it to the governments of the council explaining that this was a proper course since it dealt specifically with the Japanese mandate to Yap, which, it was claimed was voted by the supreme council, while the peace treaty was being framed.

Japan, however, has replied to at least one protest. It was received before the Harding administration came into office and in Japan insisted upon its right to a mandate over the island by reason of the award of the supreme council.

Immediate replies from the four powers to Mr. Hughes' communications are not expected. Replies probably will be forthcoming only after exchanges between them.

Moving Day For Plymouth Rock. Plymouth, Mass., April 7.—For the second time within four months Plymouth Rock was moved today. On December 21, after the canopy over the rock was torn down the boulder was moved about fifty feet. Three guards have watched over it night and day since. To go away with these guards the rock was again moved today and placed in a brick building. The windows have been barred and the door securely locked.

Packers Sue Government. Washington, April 7.—Arguments were made in the United States court of claims today in four test actions, known as the "packers' cases" to recover from the government approximately \$3,500,000 for damages sustained, it is alleged, by refusal of the war department to accept 63,000,000 pounds of beef and bacon ordered by the food administration in December, 1918.

The actions have been brought by Armour & Co., Swift & Co., Miller & Hart, and Morris & Co.

MEMBERS OF THE WAR PROBE BOARD

Chas. G. Dawes, 3, a Chicago banker, will head the committee of eleven which will meet April 15 in Washington to investigate the administration of the War Risk Board and the care and treatment of wounded service men. He was formerly Brigadier General with the A. E. F. Other prominent members of the committee are: T. V. O'Connor, 1, president of the Loughshoremens' Union and Mrs. Douglas Robinson, 2, sister of the late President Roosevelt.

### DEMURRER IS SUSTAINED BY JUDGE CURRAN

### Makes Ruling in Kan- sas Coal Miner Strike Case

### CASE OF HOWAT TO COME UP FRIDAY

(By The Associated Press)

PITTSBURG, Kans., April 7.—Judge Curran in Crawford county district court today sustained a demurrer of the defense in the case of five men charged by the state with contempt of court in calling a strike at the Patton coal mines about two weeks ago, but held that Alexander Howat, president of the Kansas miners union had connection with the strike order. Court was adjourned until tomorrow when Howat's status in the case will be considered. The state rested its case this afternoon.

If Howat is found guilty state counsel announced they planned to ask Judge Curran to place him under bond "not" to violate the strike injunction, issued by Judge Curran last fall pending an appeal to the state supreme court which they expect Howat to make. The five men, Judge Curran found had had no connection with the calling of the Patton strike, are August Dorchy, vice-president of the Kansas miners' union, and John Fleming, Earl Maxwell, Willard Titus and James McIlwraith, all members of the executive board.

Several witnesses were heard prior to the filing of the demurrer which claimed that the evidence submitted by the state had shown no cause for action, and that there had been no violation of the injunction prohibiting the calling of strikes.

Attorney General Hopkins requested the court to allow the state to re-open its case pending the decision on the demurrer. The request was granted. Mr. Hopkins introduced as evidence the original petition asking for an injunction and the supplemental petition asking that the injunction be made permanent.

The defense claimed the evidence was improper and made it appear that all the state had to do was to file an accusation against miners' officials and have them adjudged guilty.

Without withdrawing the original demurrer the defense at that point filed another demurrer to the evidence. Judge Curran then announced his decision upholding the demurrer.

### RAILWAY CONDUCTORS HEAD TO SEE HARDING

Washington, April 7.—L. E. Sheppard, head of the Order of Railway Conductors today was invited by President Harding to discuss with him at the white house at an early date, his views on the transportation situation.

### UTAH MAN GETS APPOINTMENT

Washington, April 7.—Appointment of William D. Ritter of Salt Lake City as assistant attorney general was announced late today at the white house.

### AIR NAVIGATION TO BE TAKEN UP BY GOVERNMENT

### Committee Appointed by President Harding April 1

### MEMBERS REPRESENT VARIOUS DEPARTMENTS

(By The Associated Press)

WASHINGTON, April 7.—Appointment of a sub-committee to take up "vigorously and fully" the question of federal regulation of air navigation, air routes and co-operation in aerial matters between the various government departments was announced today by the national advisory committee for aeronautics. The sub-committee was appointed by direction of President Harding, who in a letter dated April 1, directed that the sub-committee should report:

What can and should be done without further legislative action.

What legislative action and appropriations are necessary to carry into effect the recommendations of the sub-committee.

The chairman of the sub-committee is Dr. Charles D. Walcott, head of the national advisory committee.

The other eleven members represent war, navy, postoffice and commerce departments and commercial aviation.

### M'COLLISTER CASE IS SET FOR APRIL 12

Division of Pardons and Paroles Will Hear Large Number of Cases on That Date — Local Man's Name Among Them.

(By The Associated Press)

SPRINGFIELD, Ill., April 7.—Pleas for clemency on behalf of thirteen convicted murderers two of whom, Sam Cardinelli of Chicago and Frank Lovhorne of Carmi, are sentenced to hang April 15, will be heard by the division of pardons and paroles here April 12, according to announcement today.

Eight pleas of men convicted of robbery will also be heard.

Chicago cases include the following:

Dan Chastene, murder; John Nosko, robbery; Ralph Blake, robbery; Earl Faher, robbery; Charles B. Guile, murder; Edward Krenmheller, murder and robbery; Floyd Pollman, robbery; Edward Smith, murder; John M. Tomanevich, receiving deposits when insolvent and John Omazowski, murder and Martin Wiley, murder.

Other cases included that of Philip L. Risley, Macon county, burglary and larceny; Edward McCollister, Jacksonville, assault to kill and Newton C. Blevins, Johnson county, murder.

### PERSONNEL OF COMMITTEES IS COMPLETED

### Western Men Placed on Republican Steering Committee

### OTHER COMMITTEES ARE ALSO FILLED

(By The Associated Press)

WASHINGTON, April 7.—Representatives John I. Nolen, California; Sidney Anderson, Minnesota; today were elected members of the Republican steering committee of the house by the committee on committees.

Mr. Green takes the place of Representative Winslow, Massachusetts, who was elevated to the chairmanship of the interstate commerce committee.

Mr. Nolen, it is understood, was put on in order to give representation to labor, and Mr. Anderson as the representative of the agricultural interests.

There also was a strong demand to include western members under the plan of reorganization of the committee, which provided for an increase in membership from five to seven. This committee directs the legislative program and it is understood that there were more than a score of applicants for places.

Old members who will remain on the steering committee, in addition to Representative Mondell, Wyoming, the Republican leader, as chairman, are Dunn, New York; Darrow, Pennsylvania; Longworth, Ohio, and Madden, Illinois.

Representative Harold Knutson, Minnesota, was re-elected whip.

### BODY OF FAMOUS ACE COMING HOME

Wallingford, Conn., April 7.—The body of Major Raoul Lufbery, famous American ace, officially credited with bringing down 18 German planes, will be brought here for final interment, relatives were informed today.

Major Lufbery was killed May 18, 1918, in combat with a German machine in the Toul sector.

### FRANCE DETERMINED GERMANY SHALL PAY SAYS RENE VIVIANI

Makes Telling Address Before the Chamber  
of Commerce—Flouts Idea of Germany's  
Inability to Pay—America Has Returned  
Lafayette's Services an Hundred Fold

(By The Associated Press)

NEW YORK, April 7.—France's determination that Germany shall pay her debts, was given impressive expression today by Rene Viviani, envoy extraordinary to the United States.

Addressing the chamber of commerce M. Viviani defended his country's policy in demanding war reparations from Germany. Tonight at a dinner given by the American committee for devastated France he related eloquently the gratitude of his countrymen for America's aid in the war and in reconstruction. The visitor also attended an official reception at the city hall where greetings were exchanged with Mayor Hylan.

Altho M. Viviani is unable to speak English his addresses never fail to move his audiences by their apparent sincerity and strength of appeal. On several occasions in his address at the chamber of commerce the audience rose to its feet in applause because of the sheer force of feeling in his appeal. He is considered one of the greatest orators of France.

In his address the former premier flouted the idea that Germany is unable to pay what is demanded of her.

"Some have said the claims of France are exaggerated," he said. "It is a lie."

He added that he had just received word that Germany proposed to pay her war debts "from supplementary profits made from her foreign trade."

"In order for her to do this," she declared, "she will need to absorb 40 per cent of the world's trade, which would mean that the countries which control the commerce of the world would suffer."

"I come here as a pilgrim of France to tell the American people of France's love and gratitude," he said.

Countries Have Same Ideals. M. Viviani referred to Lafayette's work in aiding in the American revolution and added: "America has returned his service an hundred fold."

"But," he continued, "our present relations are not those of creditor and debtor, but those of peoples with the same ideals. Future generations of France will always be grateful and will always remember what America did. The name of America will be blessed in the humblest home of the remotest hamlet of France."

In his address of greeting to the distinguished Frenchman, Mayor Hylan recalled that yesterday was the fourth anniversary on civil service announced today the war and it brings a-fresh to our minds the kinship of the French and American nations.

After the exchange of greetings M. Viviani told the mayor he had brought as a token from the French government a small Sèvres vase which would be presented to the city within a few days.

### BILL TO RECLASSIFY U. S. CIVIL SERVICE

By Associated Press

WASHINGTON, April 7.—Senator Sterling of South Dakota, chairman of the senate committee on civil service announced today he would introduce next week a bill for reclassification of the civil service on the general plan provided in the Lehibach bill last session and which will be reintroduced in the house by Representative Lehibach of New Jersey.

The bill would fix salaries according to the skill and training required and would provide for appointments and promotions on proved qualifications, removal of inefficient employees, equal compensation and equal opportunity for promotion, irrespective of sex, and transfers between departments at higher rates of pay.

### IOWA WHEAT CROP IS 94 PER CENT NORMAL

Des Moines, Iowa, April 7.—The condition of Iowa's winter wheat crop April 7 was 94 per cent of normal, the joint government and state report issued today shows.

About 426,000 acres were sown in the state last fall compared with 343,000 in the autumn of 1919.

### ARGUMENT IN PEONAGE CASES IS BEGUN

(By The Associated Press)

COVINGTON, Ga., April 7.—Presentation of evidence was completed and argument begun late today in the trial of John S. Williams, Jasper county plantation owner, charged with the murder of Lindsey Peterson, one of eleven negro farm hands said to have met death while held in peonage on his place.

Williams, who asserted his "absolute innocence" of the charge, was the only witness for the defense. He was not sworn and his testimony concluded with the direct examination because of a Georgia law which does not permit cross-examination of an unsworn defendant.

Manning, negro farm boss for 14 years on the Williams' place, and self-confessed accomplice of the planter, was pointed to by Williams as the man having a "probable motive" for the killings.

C. C. King, pleading for Williams' acquittal told the jury that Manning, ignorant of the penalty for peonage, had become alarmed at the federal investigation and that the evidence indicated he was the only person with a motive.

Rely On Alibi. Mr. King asserted the defense expected to rely largely on Williams' "alibi" which he said Williams had established "as far as possible" by describing how he was at home the night the three negroes were killed in this county.

Graham Wright, assistant attorney general termed Manning incapable of planning and carrying out the crimes under the (Continued on Page Four.)

ment at this time is that the property owner should be interested in all the state's taxing power and the bodies to which taxing authority is delegated.

It should be remembered in connection with the efforts made in various cities to suppress Mr. Ford's paper, the Ford Dearborn Independent, that the action taken constitutes the very best kind of advertising for that publication.

**STARTING A BIG PROGRAM.**  
The report of the committee of seventeen with reference to grain marketing has been adopted by the conference of agricultural representatives in Chicago. The men at that conference are said to be the representatives of 5,000,000 producers or grain. In the effort to pool their interests and to eliminate some of the uncertainties of marketing and the middleman's profit, they are attempting the biggest thing of the kind on record.

Men of large experience and vision are at the head of this movement. If they can keep radicalism out of their organization and a mutual confidence is maintained, the farmer has taken a wonderful step for the betterment of his own business. However, it is entirely too early to predict just how successful this movement will be and there have been some conspicuous failures in other co-operative efforts.

While many an ex-service man is longing for the day when the list of slackers is to be published by the government, most of them will acknowledge the wisdom of the attorney general's department in advising that the lists should not be published at this time.

The attorney general in answering an inquiry from Secretary of War Weeks, points out that this publication should not take place until it is absolutely certain that the list is correct. To publish a name erroneously in this list would cause irreparable pain and damage.

**A CONVENTION CITY.**  
It is said that if the proper effort is put forth that the next session of the grand lodge of the Knights of Pythias may be held in Jacksonville. To bring this convention to the city would mean a fine advertisement thru the gathering together of representative men from all parts of the state. A few years ago the inadequate and impure water supply made it embarrassing to entertain visitors in large numbers, but now fortunately that day has passed and the city can invite convention gatherings without fear that there will be unfavorable comment from the visitors on "liquid mud" thru the water faucets.

Hotel facilities are not all that could be desired, yet any convention of average size can be properly cared for in Jacksonville. The present is not the most favorable time for construction work, but it is not too early to begin a movement for a larger hotel building, and with such a building realized Jacksonville can readily become a real convention city.

**RECREATION WILL BE DISCUSSED**  
Theme to be Presented Sunday Night at Congregational Church—Red Cross Survey Basis for Discussion.  
On next Sunday evening at the pilgrim memorial of the Congregational church the recreation section of the Red Cross Survey of this community will be presented and discussed. This will be the first public presentation of the recreation report. The Rev. George E. Stickney, the new minister of the church, who has had wide experience in many phases of recreation work will lead the discussion.

The Recreation Survey was very complete and brings out some most important points to those interested in social conditions. The Young Women's Guild will serve a fellowship supper at 6 p. m. to twenty-five cents. Supper tickets should be reserved of L. S. Doane or at his office.

The program will commence at 7 p. m. The music will be furnished by the students of the School for the Blind and will include:

Violin solo—The Old Refrain, Kreisler, by Harold Wright.  
Vocal solo—Why Do the Nations Rage, Handel's Messiah, by Ora Dempsey.  
Cornet solo—Ave Maria, Gounod, by Charles Cowling with violin obligato by Harold Wright.

A cordial invitation is extended to all interested to come to the fellowship supper and attend the meeting, or to come to either, and inspect the Pilgrim Memorial community house which is designed for social and recreational as well as religious purposes and is in almost constant use by church and community organizations, camp-fires, Boy Scouts and other young people's clubs.

Probably the first twilight baseball game of the season was played Wednesday evening between the Eli nine and the Third Ward team.

Altho the Eli diamond is yet very rough, it is soon to be scraped and put in first class condition.

The line up of the two teams follows:

ELI	THIRD WARD
Kahl	Catcher
Goodall	First Base
Sanderlin	Second Base
Fenstermaker	Third Base
Johnson, Hauser	Pitcher
Sanderlin	Right Field
Smith & Allen	Left Field
Roodhouse	Center Field
Hauser	Short Stop

**PARTITION SUIT FILED.**  
William E. Thomson as attorney for William C. Lurton and other heirs of Robert L. Lurton has filed a bill to partition the real estate owned by him at the time of his death.

The land in question is an eighty-acre tract on the north side of and near the east end of the Morton hard road. It is a fine piece of land with practically no improvements on it. The brick house standing on it is the old Lurton homestead and is approximately one hundred years old, being built by the grandfather of Robert Lurton.

The suit is brought to the May term of the circuit court, but it is probable that the land will not be sold until some time in August. It is an ideal location for a man who wishes to be close to the city, on a good road, and who wishes to build the improvements to suit himself.

Owing to the fact that one of the heirs is a minor, and the whereabouts of another, Eugene L. Lurton, being unknown, it became necessary to ask the court to divide or sell all the land.

## FRED MEGGINSON HAS PAINFUL ACCIDENT

Fred Megginson residing west of the city suffered a painful accident Thursday when he nearly severed the second toe on his right foot with an ax.

Mr. Megginson was engaged in trimming a hedge and was using an ax for the purpose. In swinging the ax it caught on a limb above his head and changed its direction, the sharp edge striking his right foot.

The injured man was brought to the city where he was given attention by Dr. A. M. King. The toe was cut to the bone and Mr. Megginson will be unable to attend to his farm work for several weeks.

## THE NEW TUBERCULOSIS SANITARIUM

In a few weeks the people of Jacksonville and Morgan county will be called upon to vote on one of the most important questions that I know of—how to fight the Morgan county tuberculosis sanitarium. A very few people know or realize yet how important this is. This sanitarium is located in the most ideal spot—a wonderful location—a building, surrounded by the most beautiful trees and garden that nature could make.

Much money has been spent on this place and a visit there will convince you that it has been spent with fine purpose. But they must have more money to finish the building itself and to furnish it. The only sure way to cure tuberculosis is by careful treatment and by those who know. Home treatment is all right to a certain extent but a sanitarium like Jacksonville can and will have the one sure way. Tuberculosis is a disease that takes time—months, even years—but it can be cured and a sanitarium is the one and sure way. Here you will have a place conducted by people who know, people who have been giving this sickness a close, careful study, where a strict course will be laid out for the sick and which must be followed out.

If the public knew what this meant they would surely vote these bonds without a doubt. It is hard to realize that any opposition could be raised to the finishing of this wonderful sanitarium. You the voters must know that lots of work has been done out there already and only a little more need be done and then it will be open to those who need this treatment, given by those who know.

In such a sanitarium patients are taught how to take care of themselves, how much rest, exercise, kind of food, etc., are required and when they are discharged as arrested cases they know then just how and what to do. At home you might be careless, do this and that which you should not do; at the new sanitarium you are taught all this and must follow it out.

It is the duty of every one to vote for these bonds—not to start this tuberculosis sanitarium but to finish it. So do your duty and vote to keep Morgan county in the lead in the way of health.

**OLD LANDMARK IS NOW BEING WRECKED**  
What is probably one of the oldest buildings in this city is now being wrecked, the old Fitzsimmons property at the northwest corner of West and Court streets. The house has been unfit for use for several years and is now being torn down.

Charles Fitzsimmons, the owner of the building, is uncertain as to when it was built. He has owned the property since 1868, at which time he bought it from Fred Crouse, a baker. The former owner lived in the house and conducted a bakery in the present location of the Williams paint shop. Some of the lumber in the old house is in a very good state of preservation, much of it being heavy walnut.

## BASKETBALL PLAYERS AWARDED LETTERS

Nine Men Received "J's" at Assembly Yesterday—Arter Captain of Next Year's Tossers.

The basketball players at J. H. S. were rewarded for their pep and loyalty during the past basketball season Wednesday afternoon at assembly when the letters were awarded. The coach and basketball manager made speeches and nine men were presented with "J's" in acknowledgment of their playing for this year. Those receiving letters were: Paul Gard, Albert Arter, Roscoe Mawson, Palmer Hunt, Harold Hunter, Lee Henry Coebel, Edward Alexander, James Woods and Edward Lewis.

Announcement was also made that Albert Arter had been elected captain of J. H. S. tossers for next year. Nearly all the boys who played this year will return to school next year and from all indications they will profit from this season's playing and make a champion team next year.

**ENGLAND IS STILL IN TENSE STATE OVER COAL STRIKE**  
Lloyd George Says Government Has Agreed to a Course  
GOVERNMENT NOT IN ATTACK ON WAGES

LONDON, April 7.—(By A. P.)—Another day of tense alternations of hope and fear ended with one of the premier's characteristic eleventh hour interventions, bringing renewed prospects that the grave industrial crisis will be averted. He announced in the house of commons the willingness of the government to participate in a conference to discuss the question of coming before other matters were considered.

Informal conferences continued thruout the evening. Moderators like Mr. Asquith, Lord Robert Cecil, Arthur Henderson and John Robert Clines working hard in an endeavor to induce the miners to relent on the question of pumping and it was supposed that the whole question was turning on this slender hope.

Premier Lloyd George informed the commons tonight that the government had agreed to a course which, it is believed practically certain, the miners will accept, the calling of a conference of owners and miners to discuss with the government the difficulty relative to pumping the mines before touching upon the question of wages and other matters involved in the demands of the men.

**Issues Official Report**  
The board of trade issued an official report of today's negotiations for the enlightenment of the public. The report sets forth the arguments of both sides and, concluding with a strong repudiation of the accusation that the government is engaged in a general attack on wages, says:

"Such a charge is as monstrous as it is unfounded. The government and community alike are desirous that the best wages should be paid in every industry that such industry can afford."

The council of the independent party called upon its members to support the miners by every means in their power, declaring that the crisis was due to an attempt on the part of organized capitalism to establish the right of unlimited plunder.

**ADD ARE ANY**  
CHICAGO, April 7.—The Koo-Doo and the Dik-Dik and Herby-Dinosaur Apastosaurs excelsus, and a collection of other animas were moved today. The occasion was the transfer from the old museum of world's fair fame in Jackson Park, to the new Field Museum.

Herby, as the dinosaur is known at the museum, roamed the swamps in the vicinity of Grand Junction, Colo., 35,000,000 years ago, says the discoverer, E. S. Riggs, assistant curator of paleontology of the museum.

Altho Herbert was 80 feet long and built more or less like a kangaroo, he locomoted like a bird, Mr. Riggs said.

**SAYS FOREIGN TRADE NECESSARY**  
Chamber of Commerce President Says It Is Needed to Stabilize Business.  
BALTIMORE, Md., April 7.—Speaking at the annual dinner of the Merchants' and Manufacturers' association tonight, J. H. De-frees, president of the chamber of commerce of the United States said the business structure of this country can never be satisfactory unless adequate attention is given to foreign trade.

"Methods of financing foreign trade are different from those of financing internal trade," he said, "long time credits are demanded."

"They are especially demanded in these times, when the liquid capital of the people abroad is largely depleted. In considering this matter of foreign trade we must keep in mind, also, that if we sell we must buy, and that it is particularly so at this time, when our neighbors abroad owe us so much money."

eyes of Williams and his family, and named Williams as the guilty man.

Manning also will be put on trial for the murders, it was announced today, the exact time to be decided later and his attorney E. Marvin Underwood, said he would not enter a plea of guilty.

Manning had testified for the state that by Williams' orders the negroes were weighted down with rocks and thrown alive into rivers or knocked in the head and buried where they fell and Williams' briefly recited all he knew of the deaths of Lindsey Peterson, Willie Preston and Harry Price, three drowned the same night in Newton county.

On trial for murder of Peterson, he did not go into the other cases.

These were the first criminal charges of any kind ever filed against him, he declared, in his 54 years of life and told, proudly that his four grown sons were among the first to go to war. He admitted he might have been technically guilty of peonage, as he had worked negroes who owed him money.

He had so told federal investigators when they first came to the farm, he said and had also declared he always paid and fed the negroes. These agents replied the negroes on his place were among the "best fed and clothed" they had seen, he declared.

tional and what matters would have to be settled locally.

"Our present national agreement provides the only safeguard for the transportation industry against injustice and industrial welfare and for this reason it must not be discontinued until at the conference table an understanding has been had by mutual agreement as to the fundamental guarantees of industrial justice," said the statement in part.

"We recommend therefore the following: a committee be called, composed of practical mechanical department officials from each of the general managers' districts to represent the carriers and an equal number of representatives selected by the employees. This committee should agree what disposition of any rules it might deem impracticable of general application. They should attempt to agree on such rules as can be made general in their application upon all railroads in so far as it is possible to have such uniformity without imposing any unjust or unreasonable conditions."

asked in the fifth recommendation which says that Secretary Mellon's committee recently appointed to report on sites for new hospitals be directed to report concerning the type and locations of the required buildings.

It adds that appropriations should be made available by the congress which convenes next Monday.

The sixth calls for exertion of humanizing influences to impress the sick and wounded that the nation is entirely concerned in their welfare and rehabilitation. The last asks immediate use of the \$18,600,000, appropriated by the last congress for new hospitals.

"It cannot be too strongly emphasized," the report says in conclusion, "that the present deplorable failure on the part of the government to properly care for the disabled veterans is due in large part to an imperfect organization of governmental effort. There is no one in control of the whole situation."

ADOPTED TO CORRECT ERRONEOUS REPORTS  
CHICAGO, April 7.—The executive council of the United Typotheta of America in a statement tonight denied it had ever agreed to introduction of the 44-hour week. The statement called attention to a resolution adopted at the annual convention in St. Louis, Sept. 15, 1920, which read:

Resolved, That the thirty-fourth annual convention of the United Typotheta of America re-state unequivocally its disapproval of any reduction in the present working hours and recommends that they resist any attempt to force a reduction except where such reduction has already been agreed to by contract."

The statement was issued to correct what were termed erroneous reports that the organization has approved the 44 hour week.

Believe Dearborn Station Job is an Inside One  
INDICATIONS POINT TO NATIONAL GANG  
CHICAGO, April 7.—Special investigators sent from Washington in connection with the theft yesterday at the Dearborn Station of mail pouches containing cash and securities believed to total more than \$500,000, tonight were proceeding on the theory that the robbery had been carried out by a national gang of mail thieves who obtained advance information of money shipments from postal employees.

The investigators were convinced that yesterday's theft was an "inside job" because of the fact that the bandits sorted a number of sacks on a mail truck in the station and selected only those which contained valuables.

The same procedure was carried out today in another robbery at Sullivan, Ind., once the home of Postmaster General Hays.

A score of persons were arrested today in connection with the robbery here but most of them were released. The police said that two men held probably would be able to furnish information of the operations of the mail thieves however.

**Abundance of Clean Clothes**  
without hard work or trouble

In Grandmother's time dainty things had to be cleansed by dipping them up and down in warm suds. Today the Eden washes our frailest garments in exactly the same way and with the same care and gentleness. The Eden also cleanses perfectly the heaviest blankets, linens and all washable household articles without the work and wear of rubbing.

There is more to be considered in a washing machine than just washing.

The Eden has many exclusive features that have been added and perfected through its eight years of successful operation in the home.

The Eden does more than wash clothes, blankets and other things immaculately clean and without wear or injury. Every part is designed as though it were the only part—it is built to give a lifetime of satisfactory service.

The Eden Safety Swinging Wringer automatically locks before the rollers can start and swings into five convenient positions only when the rollers are stationary—an exclusive Eden safety device.

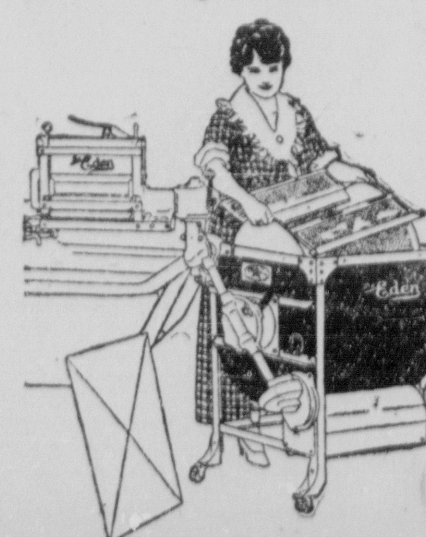

The Eden Sediment Zone makes Eden-washed things cleaner because it catches and holds all loosened dirt as it is flushed out of the clothes and keeps the wash water continually clean and sanitary. The Eden is the only washing machine that has this most essential feature.

You never have to pull the cylinder around to get at the doors of the Eden washer. Eden doors automatically stop at the top.

Two simple levers control the entire action of the washer and wringer. There are no confusing belts, cogs, or bicycle chains to break—no exposed moving parts.

### ALEXANDER W. F. M. S. IN REGULAR SESSION

Mrs. C. M. Strawn Hostess to Society Members Thursday Afternoon—Other Alexander Items.

Alexander, April 7.—The regular meeting of the W. F. M. S. of the Alexander M. E. church was held Thursday afternoon at the home of Mrs. C. M. Strawn, who was assisted in entertaining by Mrs. Robert Saylor. The session opened with the singing of "Lead, Kindly Light." The program of the afternoon was in charge of Mrs. J. F. Willets, whose theme was "Bible Societies and Their Work." A most interesting discussion followed the presentation of the subject.

The mystery box was conducted by Mrs. Frances Beerup, assisted by Mrs. Hattie Gray and Mrs. Mayne Davenport. Plans for the thank offering meeting, which is to be held in May, were considered in detail at yesterday's meeting.

The attendance was large, the company including a number of guests. Among those from Jacksonville in attendance were Mrs. Ernest Strawn, Mrs. Ernest Strawn and Miss Frances Cox. The next meeting will be held on Thursday, May 5, at the home of Mrs. J. F. Willets.

#### News Notes

Mrs. J. W. Reif, who has been a patient at Our Savior's hospital for some time past, has so far recovered that she has returned to her home here.

There will be a box social and musical entertainment at the Alexander school Tuesday evening, April 12.

Mrs. George Syrele is in Griggsville for a brief visit with her mother.

### PARK BOARD HELD REGULAR MEETING

Number of Important Matters Given Attention—Many Improvements Under Way and Contemplated.

James Hurst was again named policeman for Nichols park by the Jacksonville park board at the regular meeting at the residence of Mrs. Hollings Thursday night. All members were present except President Nichols.

A number of other matters were given attention during the evening. The board took cognizance of the fishing going on at Mauvaisterre lake and Nichols park and adopted a resolution prohibiting fishing in either place until May 30. This conforms with the federal law which prohibits fishing during the spawning season, which runs to May 29.

In addition to appointing a policeman the board also decided upon May 1, as the time for opening the park and arrangements will be made to have the lights turned on at that time. Plans for the new bridge at Mauvaisterre park have been completed and specifications are being prepared. It is the hope of the board that some citizen or some organization will take this matter in hand and build the bridge as a memorial.

Grading north of the new dam has been carried out under the supervision of Mr. Hopper and the landscape is much more sightly than heretofore. The north face of the dam has been planted with Indian turnips to cover it until something more suitable can be grown.

The new roadway is being constructed on the east drive and when it is complete the drive will be drained properly and always be in condition to use by people who visit the park.

Water pipe also has been extended across the lake and makes it much more convenient to water the flowers on the south side of the lake.

### NOTICE FISHERMEN

Fishing in Mauvaisterre Lake or its tributaries or in Morgan Lake in Nichols Park is forbidden until May 30, 1921.

### MANY CHARGED WITH AUTOMOBILE THEFT

Indianapolis, Ind., April 7.—As a result of an alleged confession by R. E. Potoroff, federal authorities today said affidavits against more than twenty residents of southern Indiana and Cincinnati, Ohio, had been made out charging automobile theft. According to the alleged confession the machines were placed on sale in Cincinnati. Frederick Vannuys, United States district attorney, said Potoroff told of stealing 36 cars in Indianapolis. They were then taken to southern Indiana, their numbers changed and then removed to the place of sale.

Guatemala City, Guatemala, April 7.—Approval of the treaty creating the Central American Union was voted by the Guatemala national assembly yesterday.

### Social Events

#### Birthday Social at Northminster Church

The Ladies' Aid of Northminster church held their March birthday social Thursday afternoon at the church. Mrs. John Joaquin, the president, led the devotional services and a short business meeting was held. The rest of the afternoon was pleasantly spent in a social hour and dainty refreshments were served.

The hostesses were Mrs. Grace Ferreira, Mrs. Jeanie De Freitas, Mrs. Henry Day, Mrs. Roy Sperry, Mrs. Emma Baptist and Mrs. Manuel Day.

#### Westminster Guild Met

Miss Margaret Moore entertained the Westminster Guild yesterday afternoon at her home on West State street. Mrs. Henry Kamm led the afternoon's discussion, which took up the economic factors that play a part in community and church work. A pleasant social hour followed the discussion.

#### Mrs. King and Mrs. Osborne Gave Charming Bridge Party

A charming social function was given at the Duncan Memorial home yesterday afternoon, when Mrs. Lillian W. King and Mrs. Marcy Osborne entertained a company of friends at bridge.

The stately rooms of the Duncan home were most attractively decorated with beautiful roses and bright spring daffodils and narcissus. In the course of the afternoon delicious refreshments were served.

#### Girls Had Supper At Church

There was a supper given last night at Grace M. E. church for all the young girls who are over 15 and single. An invitation was extended to the girls in all the churches and a great many of them showed their interest and appreciation by being present last night. Some lively games were played early in the evening and then the guests enjoyed a fine supper. Afterwards the young people went up to the church and heard a splendid talk by Billy Lamance, the evangelist.

#### B. B. Club Met With Mrs. Wilbur Fanning

Mrs. Wilbur Fanning was hostess to the B. B. club at her home in East College avenue Thursday afternoon. Music and games furnished amusement for the afternoon and the hostess served dainty refreshments. The next meeting will be held with Mrs. Ralph Cowgour of North Main street.

#### Pleasant Hour Club Meets

The Pleasant Hour club was entertained Thursday afternoon by Miss Bea Phillips. The following officers were elected for the year: President—Mrs. Joseph Stice. Vice President—Mrs. George Peck. Secretary—Mrs. Anna Crawford. Treasurer—Mrs. Anna Brown.

The members responded to roll call with current events. A pleasant social hour was enjoyed, during which the hostess served a two-course luncheon.

#### Mrs. Frank Elliott Entertains for Agora

The girls and honorary members of Agora society of Illinois College were delightfully entertained at a tea given in their honor by Mrs. Frank Elliott, at her home on West State street, Thursday afternoon, from 3:30 to 5:30 o'clock. Both house and grounds were thrown open to the guests, who enjoyed them thoroughly. Delicious refreshments of ice cream, cake and coffee were served. Mrs. Elliott is an honorary member of the society.

#### Salem Ladies' Aid Met

Members of the Salem Ladies' Aid society held an all-day meeting Thursday, at the home of Mrs. R. E. Phillips, east of the city. At the noon hour a bountiful dinner was served, to which all did ample justice.

The program which occupied the afternoon hours began with the devotional exercises, in charge of Mrs. F. L. Green, the president. Following a prayer by Mrs. William Harrison, came a reading by Mrs. William Cleary. Several musical selections were rendered by Mrs. J. W. Ledford, and there was also a reading by Mrs. Harry Thompson. Only routine business was given attention at the business session.

The society adjourned to meet Thursday, May 5, at the home of Mrs. Harvey Davies.

#### Wesley Chapel Aid Met Thursday

The Woman's Foreign Missionary society of Wesley chapel met Thursday afternoon with Mrs. A. H. Megginson, with a splendid attendance. The devotionals were led by Rev. Bracewell. The leader for the afternoon was Mrs. Charles Middleton. Subject, "The Travels of the Book, Taken from the Bible and Missions." Mrs. J. W. Leach read a paper from Miss Dora Davis, from the foreign field, telling of the splendid work of Miss Kate Blackburn in Bulgaria. The Mystery Box was very capably handled by Mrs. W. K. Ranson. There was a generous plate offering. Excellent refreshments were served, after which the time was spent socially. The next meeting will be held with Mrs. Ranson on Monday evening.

#### Berea Ladies' Aid Held All Day Meeting Thursday

The Berea Ladies' Aid held an all day meeting at the home of Mrs. W. W. Robertson Thursday with fifty members and several guests present. At noon the hostess assisted by friends served a splendid dinner and the sum of \$20.60 was realized for the treasury of the society.

Following the dinner the regular business session of the society was held. The meeting opened with scripture reading by Mrs. Rinda Harris and prayer by Mrs.

### BIRTHDAY PARTY AND AID MEETING AT LITERBERRY

Mrs. W. W. Young entertained members of the Ladies' Aid society of the Literberry Baptist church Thursday afternoon. There were thirty-five members and guests present and all found the session a most profitable and pleasant one. The program was arranged by Mrs. John Guy, the president, assisted by Mrs. W. W. Daniels and Mrs. Al. Dunlap.

Pleasing features of the afternoon's program were a reading on "Springtime," by Mrs. Earl Underling, and a recitation, "The Ladies' Aid," by Miss Eleanor Guy. Contests and games added to the interest of the occasion. An added feature was the celebration of the sixth birthday of little Allen Young, fourteen of her little friends being among the guests of the afternoon. The children spent several hours very happily, with games, superintended by Miss Lulu Henderson. A large angel food bearing six lighted tapers was an important part of the refreshments served.

## UTAH PLANS COMPLETE FOR WOMEN'S MEET

Western Art, Music, History to  
Have Place on Program; Many  
Social Events Arranged.

"The opportunity for which club women have long been looking to satisfy the need for a delightful trip, an educational opportunity and an unique experience is how the coming General Federation Council of Women's clubs meeting at Salt Lake City June 12th-18th is characterized by Mrs. W. F. Adams, chairman of the council local press committee.

On account of a sudden and distressing bereavement in the family of the program chairman, details of the General Federation's part of the program have not been perfected or announced but Utah women have their plans well under way. Relative to these plans, Mrs. Adams writes:

"We are working on a bulletin similar to those issued from Des Moines and which we hope to distribute the first week in April. Hotels and railroads are also almost ready to issue their own literature. We have ordered 3,000 baggage stickers which will be sent delegates as soon as received.

"Special features in charge of the local board have all been

planned and include the Taos, New Mexico, art exhibit which will be shipped to Salt Lake City and housed in the Amelia Palace Art Gallery; and a special exhibit by Utah artists. A studio at the palace will be a daily feature of the late afternoons.

"Nevada and California women are assembling a fine collection of Indian baskets which will be an added and rare attraction. Much of the best work of the Indian weavers can never be reproduced as it is gradually becoming a lost art. Some of the treasures to be on display for the Council visitors are well-nigh priceless.

"Indian art, Indian music and Indian needs and problems will have their special place in the convention, according to accepted plans.

"Then there are the usual excursions, state dinners, luncheons, and the feature evening program 'The Building of the West'.

"Mrs. E. O. Leatherwood, state president of the hostess federation, will shortly issue a small bulletin of her own, setting forth her invitations and plans.

"Social features have been abundantly provided and promise is for many luncheons, dinners, trips and excursions to points of interest as can be seen in the between the vitally important conferences, addresses and board meetings, and with the triple attractions of our super-salty inland sea, our wondrously beautiful mountain gorges cut thru the towering snow-clad mountain ranges, and the famed copper mines, the busy visitor will have much to see and enjoy.

"There will be local exhibits setting forth Utah's progress along lines of education, home economics, forestry and so forth. "Arizona's contribution will be the presence of Prof. Byron Cummings of the state university, nationally known archaeologist, whose work among cliff dwellers of Southern Utah and Arizona has done much to make the states famous. He will give an illustrated address on Friday evening, June 17th.

"This being a typically western convention each attraction will be of unusual character and exhibits are all planned to portray the typical art, progress and problems of the west. "Local committees are bending every effort to make the coming convention superlative from every standpoint, in excellence of local program, distinctiveness of features, warmth of hospitality, and size of attendance, knowing that the unsurpassed beauty of Utah scenery and the intoxicating mountain atmosphere will do the rest to make the meeting par-excellent.

"While we have no particular concern the national program we have assurance that inspiration in fullest measure will be furnished all who come thirsting for help in solving the problems of the day."

Mrs. Pennypacker to Speak.  
Mrs. Percy V. Pennypacker, past president of the General Federation and chairman of American Citizenship, is to give an evening address of 40 minutes during the Council program. Mrs. Pennypacker's address given during the Des Moines Biennial was declared by the press of the country to be possibly the finest address ever given by a woman speaker on the American platform. Her subject for the Salt Lake convention has not been announced but it is understood that it will be based on the opportunities afforded thru American citizenship.

## SEED CORN SAMPLES FOUND UNSALABLE

Ten Per Cent of Samples to  
State Seed Analyst in Unsalable Condition, According to  
Bulletin Just Published.

Springfield, Ill.—Ten per cent of the samples of seed corn submitted to the state seed analyst have been found unsalable, according to a bulletin just issued by the division of plant industry of the department of agriculture.

The state analyst has had his headquarters at the DeWitt Smith building at the capital since July 1 of last year and has examined 9,000 samples, says the bulletin. Many of those found unsalable for seeding purposes however, have been reclaimed and later made salable, it is stated.

"Farmers have found out thru analysis of their seed what it contained, and in many cases they have given their seed another reclamation to take out more of the weed seed and inert matter," says the division. "Suggestions have been given regarding the re-cleaning which have resulted in much satisfaction to the owner of the seed and show quite clearly that with a little extra time given in the matter of adjusting screens and air blast, much better cleaning can be done. It requires a little patience to run seed thru a hand mill at the rate of one half bushel per hour but it is time well spent.

"Samples are being collected by inspectors and when analyzed show how dealers are complying with the law. A few lots of seed have been found while do not comply with the law and the dealers are returning such seed to the wholesaler. In these cases the seed has been shipped from other states.

"Dealers who buy from the wholesaler outside this state should be careful to buy only such grades as will pass the requirements of the Illinois seed law. If the welfare of the farmer is considered by the dealer, and it should be, because the success of one depends largely on that of the other, he should be furnished with highest quality seed possible and thus be doing him a justice because the resulting crops from pure seed will be greater than from seed of low quality containing a great number of different weed seeds.

"The purchaser of farm seeds such as red clover, mammoth clover, white clover, alsike clover, sweet clover, alfalfa, timothy, Kentucky blue grass, Bromegrass, orchard grass, meadow fescue, oat grass, rye grass, vetch rape and millets, should remember that the law required that all such seed must be labelled or tagged to show what it contains, therefore, if seed offered to him is not properly tagged, he should not want to take the risk of buying it when it might contain noxious weed seeds which he would not want on his farm."

The law regarding sale of corn provides for tagging to show the common name, year grown, also county and state where grown, as well as the name and address of the person selling the seed.

#### CONCERT AT BLUFFS

Large Audience Heard Mrs. Helen Brown Read in Concert Monday Night—Other Bluffs News Notes.

Bluffs, Apr. 7.—The concert by Helen Brown Read, of Jacksonville at the M. P. church Monday night scored a hit with the music loving people of this little city.

Her clear sweet voice of wide range and musical quality greatly pleased the audience.

"In Flanders Fields" and "The Bells of Rheims" were sung in a manner that more than pleased and by these songs if not others, she will ever be remembered by those who were fortunate enough to hear her.

The last number of the lyceum course was held at Lewis' opera house Tuesday night and very unappointing to many.

The concert was given by the Aeolian Concert company under the exclusive management of the Continental Lyceum Bureau of Louisville, Ky.

Mrs. Thos. Reid and Mrs. Wm. Vannier were among the Springfield visitors Monday.

Miss Helen Blackwood expects to leave Thursday for a visit of several days with relatives in Springfield.

Miss Amy Martin of Griggsville came over Monday evening to attend the Helen Brown Read concert given under the auspices of the M. P. church Monday evening.

C. A. Phillips was a business visitor in Winchester Monday evening.

The Royal Neighbors of Wash camp 404 of Bluffs will meet at the Redman hall Friday night April 8 for the purpose of electing officers for the remainder of the year. Every member is requested to be present.

### RED CROSS CHILD

#### HEALTH DEMONSTRATION

Washington, April 7.—Preliminary plans for a child's health demonstration, unique and of national importance, announced by the National Child Health Council, with headquarters in this city.

With an appropriation of \$200,000 set aside for this purpose, the Council, composed of six leading national health bodies, will assist some American community of between 20,000 and 30,000 population and the surrounding county in securing as nearly as possible ideal conditions for the development of its children, from babyhood to adolescence, into sturdy, happy, useful citizens.

The first step will be the selection by a committee of experts of the community in which the demonstration will be carried on over a period of five years. The Council believes the community should have the following qualifications in order to insure results of greatest benefit to the entire country:

Should be in a county of between 50,000 and 60,000 population.

Average age distribution, especially as to percentage of children and babies.

No strikingly predominant racial stocks.

Normal percentage of the population engaged in manufacturing.

A variety of industries in the city.

Surrounding area agricultural. Should be in a birth registration state and should have fairly complete vital statistics.

Mortality of infants and children should not be strikingly abnormal.

Health conditions should not be abnormally good or bad.

Member societies of the National Child Health Council are: American Hygiene association, American Red Cross, Child Health Organization of America, National Child Labor Committee, National Organization for Public Health Nursing and the National Tuberculosis association.

## To Whiten and Clear the Skin

Muddy or sallow complexion, or skins, that are marred by freckles or blemishes, should be cleared and whitened in a very short time by using the following:

Mix some glycerine and zintone and dissolve in water. You will find the result to be a beautiful white cream and by its liberal use a tremendous improvement will be noted in the complexion within a few days. The ingredients may be obtained in any drug store.

You Who Have So Often Wished For Something That Really Would Take Away the Wrinkles

Just learn what a difference there can be between a cream freshly made at home and one that has been standing for months on a druggist's shelf.

The skin can be brought back to its original plumpness and vigor by the following formula. An astonishing result is the quick disappearance of wrinkles, little and big, crows' feet and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of alcohol, obtained from your druggist. This takes years from your appearance and is always sure and positive in its work if you will apply it liberally, every day.

To Have the Arm Pits Soft and Free from Hair

You can be sure that there is but one sensible way to remove hairs from the arm pits, and, in fact, from any part of the body. It is foolish to "burn" them off, injuring and spotting the skin. Just moisten the hairs with sulfo solution. This will actually dissolve away the hairs completely, and leave the skin superbly soft and smooth. It will irritate the most delicate skin. Sulfo solution may be obtained at nearly any drug store.

### We Never Quit

You say you have missed my ad? Well, I've been too busy to write it.

Yes, a little different from our last year but we are still all here, and still want to sell and buy, borrow and lend, but

We must throw up our chin,

And just buckle in,

And take it from me

We're dead sure to win.

(a) Will sell you a nice little farm well located, and take that residence property in exchange.

(b) Will trade you a 30 acre farm clear, near here and take your business building.

(c) Will sell you one of the most desirable store buildings on the square at a real bargain price.

(d) Say folks, need a house right away? We have it. Splendid west side residence. Modern throughout. It is a real ready made home and vacant this minute. Well hurry then, if it sounds good.

### MONEY

Yes, real money, coin of the realm. Say how much you need.

Or better still say how much you have idle—You know we represent the Straus Brothers Company, the "Old Reliable," and can place your money as securely as mother earth and a first mortgage can make it, and to draw 7% or better, free from tax. We are placing thousands and thousands for your neighbors, and they will be glad to tell you all about it. Business kept as confidential as you desire it.

## Gives Tanlac Credit For Splendid Health

T. J. PARKER  
4246 Juneau Street, Seattle, Wash.

"I used to think all the Tanlac testimonials were exaggerated, but I have felt thankful a thousand times I ever believed in it strong enough to give the medicine a trial," said T. J. Parker, well-known salesman for Gately's Clothing Store, residing at 4246 Juneau St., Seattle, Wash.

"Several years ago I commenced having periodic spells of sickness and a few months ago I had an attack that I thought would finish me. When I did finally get up, I was scarcely able to go. I had no appetite and what little I forced myself to eat caused so much gas on my stomach I could hardly get my breath.

"At night I was often so bloated I couldn't breathe while lying down and just had to sit up and struggle for air. At times I had cramps so bad I could hardly endure it.

"My liver was sluggish and sometimes I got so dizzy I would nearly fall. I felt so tired and miserable all the time, couldn't even sleep and for days at a time I wasn't able to go to work.

"Well, a friend of mine finally got me to try Tanlac, and it certainly has done a good job for me. My appetite is fine now and altho I am eating just anything I want and as much as I please, my stomach never gives me the least trouble. I have picked up in weight, my strength has come back to me, and I am now enjoying the best of health.

"All the men at the store know Tanlac put me back on my feet, and I am glad to give this statement for what it may be worth to others."—Adv.

What American Legion officials believe will be the most impressive patriotic demonstration ever held in Philadelphia will take place April 7 under the auspices of the Legion and forty five other patriotic and civic organizations. The purpose of the meeting is the expression of American principles as opposed to the recent manifestation of foreign propaganda. It will be similar to the "All American Meeting for God and Country" held New York March 18. The Philadelphia meeting, however, will have the additional feature of a parade of 50,000 persons.

In addition to General John J. Pershing and F. W. Galbraith, Jr., National Commander of the Legion, speakers will include

## Alger Was Wrong!

Horatio Alger, the well-known author of boys books, always depicted bank officials as gentlemen who went around with mutton-chop whiskers and a benevolent smile, turning helpless widows and struggling orphans out of their homes. He was very much mistaken.

Bank officials of this day and age are very human folks. They greet you with a smile and a hand-shake, and always have a nod for you when they meet you on the street. You see, their success depends on good will just as much as does the grocer's. We think officials here at the Farrell State Bank are a little more cordial than the average, even. We'd like to have you meet them!

Morgan County.  
In the Circuit Court Thereof,  
To the May Term, A. D. 1921.  
Marion M. Richardson, vs.  
Howard N. Richardson, Divorce.  
NOTICE IS HEREBY GIVEN  
to the complainant in the above en-  
titled cause heretofore filed in  
this Circuit Court of Morgan  
County, Illinois, and that a sum-  
mons thereupon issued out of  
said Court against you, return-  
able at the Court House in  
Jacksonville, Illinois, on the sec-  
ond Monday of May, A. D. 1921,  
as is by law required, and that  
said suit is still pending and un-  
determined in said Court.  
F. E. WANAMAKER,  
Clerk of the Circuit Court of  
Morgan County, Illinois.

**BILL IN CHANCERY**  
In the Circuit Court, May Term,  
A. D. 1921.  
State of Illinois, Morgan Coun-  
ty, ss.  
Thomas S. Scott and Beulah  
Scott, Complainants, vs. Jacob  
Gregory and the Un-  
known Heirs and Devisees of  
Jacob Gregory, Deceased.  
The defendants in the above en-  
titled cause will please defend;  
that a bill in chancery to quiet  
title to the west half of lot eight-  
ty-five (85) in the original plat  
of the town, now city, of Jack-  
sonville, in said County and State,  
entitled as above, has been filed  
by the above named complainants  
against the said defendants, in  
the Circuit Court of said Morgan  
County, and is now pending; that  
a summons in chancery has been  
issued against said defendants,  
which is returnable to the May  
term A. D. 1921, of said Circuit  
Court, to be held in the Court  
House in Jacksonville, in said  
County, on the second Monday,  
being the ninth day of May, A. D.  
1921; that the foregoing are the  
names of all the parties thereto.  
Now, unless you, the said defend-  
ents, shall be and appear at said  
court on the first day of said  
term, in person or by attorney,  
and plead, answer or demur to  
said bill, the same will be taken  
as confessed by you and a decree  
by default in accordance to the  
prayer of the bill will be rendered  
against you.

### T. CLAIR COUNTY HAS FINE ROAD SYSTEM

Permanent Highway Improvement Made Possible by the Plan Adopted.

How do outside counties of Illinois get action upon road improvement while McLean county floods along each year strengthening a reputation for masterly activity, is the question asked by the Bloomington Pantagraph. That is a question that is heard every day when a group of good roads advocates get together. Who is the Moses that will lead us out of the wilderness of imperfect highways?

Down in St. Clair county, which district is sometimes contemptuously alluded to as Egypt, they have a system of well kept roads that is the envy of all others.

St. Clair county voted in 1917 a bond issue of \$1,500,000 for the improvement of the state aid roads in the county. The war and other conditions has hindered the building of durable hard surfaced roads, but the county highway department and the board of supervisors have adopted the system of doing the permanent earth grading and building the permanent bridge at least two years ahead of any hard road improvement. Doing the permanent earth grading, by which is meant cutting down the hills, filling up the low places, and taking out excessive grades and dangerous curves, in fact locating the road in accordance with the best engineering road methods, is the only permanent part of the road. It is believed that the slab that is put on this grading is put there for the purpose of taking the wear, and will wear out sooner or later and will have to be replaced. The earth grading, however, is permanent and stays forever. So St. Clair county has, therefore, graded and bridged about 90 miles of the state aid road system and maintains them as earth roads under the supervision of the county, as provided by law.

**System of Maintenance**  
The county has devised a system of maintenance which combines the use of patrolmen and a central gang operating from the county seat. They use in this gang most of the county workhouse prisoners and the government trucks furnished thru the department of public works and buildings. There is a patrolman on about every twelve miles of road who has a tractor, a grader, and a maintenance machine and who also has under him farmers, who have contracts to drag portions of the road at regular intervals.

St. Clair county is also doing these roads, simply as a maintenance proposition and not looking to the oiled earth road as being the solution of the road problem. The county has also classified roads, which is a very important proposition, not only from a construction and maintenance view point, but also from a psychological viewpoint. It is felt in St. Clair county that while all are striving for the same results some are arguing on how it should be done from entirely different viewpoints. The Prairie Farmer and the farmers will advocate a gravel or macadam or earth road as being just the right kind of a road and will say that the concrete road is too expensive and is not necessary. They are thinking about class 3 and class 4 roads, namely the main traveled roads in a township or the lesser farm to market road.

On the other hand, there are men who think that brick or concrete roads are the only kinds of roads. They are thinking of class 1 and class 2 roads, which are the state bond and the state aid roads.

**Of Both Systems**  
Both of these positions are correct and both are wrong. It depends on what class of road they

### Middle-Aged Women

Springfield, Ill.—"I can recommend two of Dr. Pierce's remedies. Favorite Prescription and Anurid Tablets. I took the Prescription when I reached middle life and was distressed with all the ailments that come to a woman at that period, and it was a great benefit to me. Later on I was in need of a kidney medicine, for I had backaches and rheumatic pains, and stiff joints, and Dr. Pierce's Anurid (anti-uric acid) gave me great relief almost immediately."—MRS. ### WASHINGTON U. MAN TALKS TO HIGH SCHOOL

The High school students had the privilege yesterday afternoon of hearing Dr. W. J. Hawkins, field secretary of Washington University at St. Louis. In a very inspiring lecture, he spoke of the development of personality and the advantages of higher education.

Dr. Hawkins visits the high schools in 9 different states and brings before the senior classes the advantages of the nine professional schools and the college at Washington University. He pointed out the fact that in the last two years there has been an enormous increase in the attendance at colleges and universities. The advantages of higher education to the youth of today can hardly be overestimated and Dr. Hawkins' address was such as to inspire the high school students with a desire to continue their education after graduation.

### CROP PROSPECTS IN ILLINOIS EXCELLENT

According to S. D. Fessenden, State Statistician for Bureau of Crop Estimates — Freeze Injured Fruit Trees.

Springfield, Ill.—With the exception of damage done to fruit trees, which he said may yet prove less than at first appeared, Illinois crop prospects for the season may be considered excellent, according to S. D. Fessenden, state statistician for the bureau of crop estimates.

Extent of damage to vegetation by recent low temperatures cannot be exactly estimated. Mr. Fessenden said. He continued:

Fruit trees were in bloom all over the southern half of the state when the freeze came and the buds were swelling in the north. In the southern half peaches, pears, cherries, apricots and plums have been badly hurt without a doubt. Apples have unquestionably fared better tho in southern counties where the second night of the freeze was the colder, the sky clear and the air still, it seems certain that they have been damaged. It will be several weeks, however, before it will be possible to approximate with any considerable accuracy the extent of the injury to

fruits although it is certain now that it has been large.

"The condition of winter wheat was almost perfect in Illinois when the freezing weather struck. At least three weeks early in point of development the rank growth in many southern areas was probably the only condition which could have been considered at all adverse. In this section of the state much of this rank growth was cut down by the frost and in other areas the top growth was touched in spots. It does not appear, however, that any damage was done to the root system in any part of the State and the pruning of the top growth, while setting back the development of the crop some what may quite conceivably be a benefit in the long run rather than an injury.

"Rye was not hurt appreciably tho it shows some damage to the top growth here and there. "Practically no barley and very little spring wheat have as yet been seeded and none was above ground when the cold snap appeared.

"Oats were above ground on many fields in central and southern counties and the tender shoots have undoubtedly suffered considerable injury. This, however, is most noticeable in southern areas where the acreage is small and as the season is early reseeded here and there will probably offset the damage

both here and in the central section.

"Shrubs and early vegetables in the home gardens were severely damaged in all sections as were also the young clover and alfalfa where it was up.

"Pastures are in fine condition everywhere, the growth of the grasses being strong and vigorous.

"The health of all classes of live stock is generally good. The spring litters of pigs are running larger than usual as a rule and are generally healthy, strong and vigorous."
